

LARGE PUBLIC SPACES

CHECKLIST

We have all applicable permits, agreements and permissions in place prior to installation

Consider signage on site – this is a community led pilot, who to call with any issues – be fun and let people know you are trying something new

We have insurance in place if needed

We have a plan for how the space will be maintained (consider repairs, vandalism, all weather, wind damage, etc.) considering how long this will be in place and the seasons

Layout considers accessibility and safety
